Cutting List

Those of you who have had problems with the black cutting guides try the red measurements instead.
Choose one or the other. Don't mix the two!

Patterned Fabric

- one 9x5" strip **Cut one strip 9x 5 1/2"**
- two 3x 3 1/2" strips **Cut two strips 3 1/2' x 2 3/4"**
- one 1x2 1/4" strip **Cut one strip 1" x 2 1/4"**
- two 5 1/2" strips. **Cut two 5 1/2" x 3 3/4" strips.** Place these right sides together and cut in half diagonally.

Navy Plain fabric

- one 6x3 1/4" strip. **Cut two strips 5 1/4" x 2 7/8"** Cut in half diagonally
- one 2 7/8" x 3 1/2" strip. **Cut two strips 2 1/8" x 3 1/4"**. Cut in half diagonally
- two 1x4 5/8" strips **Cut two strips 1" x 4 5/8"**

Construction

- Using the diagram above as a guide:-
- Using a scant 1/4" seam, sew the block making the skirt sides first (two shirt triangles will be left over). Take care not to stretch the bias edges as you sew.
- Assemble the block in strips.
- Then join the sleeve strips to either side of the patterned centre strip.
- Join the narrow patterned rectangle to the 2 plain strips using the mitre method shown in the diagram.
- Centre this strip onto the larger block.

1. *Align the corners for the 2 pieces right sides together and mark a 45 degree diagonal sewing line. Pin together, checking that the pieces are positioned correctly, then sew along the drawn line.*
2. *Open out the joined pieces, press the seam and trim away the excess fabric.*
3. *Continue joining pieces with 45 degree mitred joins as necessary.*
